

GOVERNORS OF THE WEST AGREE

Utah Executive's Plan Meets With Immediate Response In Western States.

UNITE ON STATE POLICIES

Purpose of Convention is to Discuss Matters of Interest and Upon Which Effort is Desired.

Gov. William Spry has taken the first steps to promote an alliance between the governors, senators and representatives of the western states. The conference will be called either during the Alaska-Yukon-Pacific exposition at Seattle or the National Irrigation congress at Spokane. It is the purpose of the alliance to look after the best interests of the states. When Gov. Spry was at Seattle a month ago, he suggested the matter to a number of governors and representatives. They immediately recognized the benefits which would accrue from the adoption of uniform policies on many matters.

As a result of Gov. Spry's suggestion, Gov. M. E. Hay of Washington has written a circular letter to the respective governors of the states of Nevada, Montana, Idaho, California, Oregon, Washington and Utah. The letter reads:

"The rapid growth of our country develops many problems and opportunities that demand legislative consideration. An individual state is confronted at times with problems which pertain only to itself, but the occasion sooner or later arises when the same problem presents itself to other states, and concerted action on the part of the western representatives in the passage of an act of relief will result in the ultimate advantage to the entire section. A general discussion of our present and future problems by the governors, United States senators and representatives undoubtedly would result in a program of concerted action that would bring much good to the states, individually and collectively. If you are interested in this matter and will attend a meeting of this character I shall certainly be pleased to call it. I will be glad to have you advise me of a date which would be convenient for you to attend."

Gov. Hay suggests a meeting in Spokane during the irrigation congress in August. The hall will be provided free of charge and preparations will be made to entertain the visitors.

L. D. S. U. ALUMNI BANQUET.

Plans for Coming Event Outlined at Meeting at Bishop's Office.

A meeting of the committee of the L. D. S. U. alumni association was held last evening in the presiding bishop's office for the purpose of forming plans for the banquet and ball which the association will give the latter part of the month. A number of the members of the association have been lost sight of through marriage and change of residence and David A. Smith, who is president of the association, is very desirous of securing the names and addresses of all the graduates from the school, so that they may be properly recorded, and the interest in the association thereby be kept up. Those interested are requested to send their names and addresses to Bishop David A. Smith, presiding bishop's office, Salt Lake City. The names of the banquet committee are David A. Smith, president; A. Z. Tanner, vice president; J. U. Hicks, secretary and treasurer; Edward M. Ashton, assistant secretary and treasurer; and R. J. Ashton, Spencer Felt, Anna Grant, Irene Done and Leah Ivins.

EXCURSION TO OGDEN.

Sunday, May 9, via Oregon Short Line. Round trip only \$1. Trains at 7:10 and 9:30 a. m., and 12:35, 1 and 3:55 p. m. Returning, leave Ogdén 10:40 a. m., and 2:05, 5:10, 5:45 and 7:45 p. m.

STRUCK BY ENGINE.

Hans M. Eggers Run Down and Injured at Ogdén.

(Special to the "News.") Ogdén, May 7.—Hans M. Eggers, whose residence is at 2133 Pacific avenue, was struck by the engine on Short Line train No. 11 late yesterday afternoon. Eggers suffered three scalp wounds, his right hip was injured and his wrist slightly sprained. Dr. Joyce, the company physician, was called and the injured man's wounds were dressed and he was taken home. Eggers was driving cattle across the tracks and stepped out of some brush in front of the engine.

THE PAPER WEALTH SHOWN BY REPORT

Treasurer's Sheet Shows City Worth \$160,401, While True Figures Are \$83,532.

Although the report of Gideon Snyder, city treasurer, shows that the city has \$335,154.03 in solid cash in the bank in all of its funds, it tells only half of the story and the figures are misleading. Instead of this comfortable balance, the city only has \$83,401.08 to its credit when the outstanding warrants against the funds are subtracted.

The report for April gives a total balance in the revenue funds of \$64,401.08, and in the special funds of \$64,401.08. The amount in the special funds includes \$175,134.62 received from the water bond issue and \$124,986.36 for the bond issue on sewers. The special funds, however, have no effect on the financial standing of the city.

The revenue funds are given by Mr. Snyder as having balances. The administration is established in the habit of juggling the funds until it is hard to tell the amount on hand in each fund. The treasurer's report gives the following balances in the revenue funds:

Contingent fund	\$121,653.48
Water supply and irrigation	836.44
Waterworks	6,053.20
Streets and sidewalks	12,927.19
Sewers and drains (overdrawn)	1,005.15
Library	10,817.90
Bond sinking fund	10,697.59
Bond interest and sinking fund	1,569.93
Total balance	\$160,401.08

This looks strong on paper, but Mr. Snyder, thanks to the special auditing system, does not have to show the outstanding warrants against these funds. When the amount of the warrants against these funds is subtracted, the balance of \$83,401.08 is given. This amount is the correct financial condition of the city. The real condition of the city is shown in the following table, which shows a balance in three funds and a deficit in the other three funds:

Contingent fund (balance)	\$83,631.59
Water supply and irrigation (deficit)	2,634.83
Waterworks (deficit)	5,576.66
Streets and sidewalks (balance)	1,199.30
Sewers and drains (deficit)	2,626.40
Library (balance)	9,538.72
Real total balance	\$83,532.02

TITUS ARRESTED AGAIN.

Charles E. Titus, who gained considerable notoriety some months ago in connection with his "faith cure" treatment practised on three of his children, who died of scarlet fever, was arrested by Officer Conyers this afternoon on complaint of Mrs. Banks, his former wife. It is seen that the property of Titus and his former spouse adjoin, and that a horse belonging to Mrs. Banks is claimed by Titus, and this was the cause of the row. The woman complains that Titus became abusive in attempting to secure possession of the equine, and she called in an officer with the result that Titus was placed in durance vile. His hearing will come up tomorrow morning.

ONLY \$1.00

To Ogdén and return via Oregon Short Line, Sunday, May 9. Trains at 7:10 and 9:30 a. m., and 12:35, 1 and 3:55 p. m. Returning, leave Ogdén at 10:40 a. m., and 2:05, 5:10, 5:45 and 7:45 p. m.

CONCESSIONS ARE GIVEN BY MEXICO

Judge Barch Receives Word Regarding Coast Line in Southern Republic.

WILL TAP RICH COUNTRY

Project is Being Handled by Million Dollar Holding Company Formed Here.

Judge Barch, general counsel of the Mexican-American Holding & Improvement company of this city and Mexico, this morning received word that the Mexican government had granted a concession to Senator Jose Castellot, to build a standard gauge railroad from Manzanillo southeast along the Pacific coast to Salina Cruz. The information is contained in a letter from the senator, containing a clipping from the Mexico Daily Record of April 27, 1909, in which it is announced that the concession has been granted to Senator Castellot, together with some information concerning the country through which the road will pass. The Record says:

"For years transportation magnates have recognized in Manzanillo and Acapulco seaports of great possibilities, and Salina Cruz is already established as the chief harbor of the Gulf of Tehuantepec. As this region is developed its export tonnage is rapidly increasing and the linking of the three supply depots is considered a wise coup. There is the further consideration of connections with the Southern Pacific, stretching already all the way from Puget Sound centers to Manzanillo. The Castellot line, not understood, will follow the coast line as far as economic surveys may permit, and will cross the lower widths of the states of Colima, Michoacan, Guerrero and Oaxaca. On the east the new system will tap the territory of the Hehuantepec national, extending north to the port of Coatzacoacoals, on the Gulf of Campeche, Atlantic way; the Veracruz and Pacific, running back to the northwest interior, and the Pan-American, penetrating the rich regions southeast to Guatemala. It will also cross the rich mineral region of the Balsas river. While many of the details have not yet been determined, it is stated that actual construction will begin before many weeks have passed, and that application and granting of the concession means business is vouched for by the character of the applicants."

Senator Jose Castellot is the Mexican representative of the Mexican-American Holding & Improvement company, to which the concession has been granted. The company was organized in Salt Lake City last August with a capital of \$1,000,000. The officers of the company include Capt. Seeley of New York as president, Joseph Kimball of Salt Lake as vice president, Judge G. W. Barch, general counsel, and others. The company has already in operation a prosperous railroad line between the cities of Oaxaca and Ejutla, in the state of Oaxaca, and this will be a link in the greater line to be constructed. The country through which the line passes is exceedingly rich in mines, timber and agricultural resources. The news of the granting of the concession is received with much satisfaction by the local people concerned.

JUDGE W. C. HALL DEAD.

Telegram from Long Beach, Cal. Announces Demise of Salt Laker.

A telegraphic dispatch from Long Beach, California, received this afternoon announces the death at that place of Judge William C. Hall, of this city. No particulars are given in the dispatch, which merely announces the death of Mr. Hall. Judge Hall recently went to Los Angeles for the benefit of his health, and he had not had a dispatch from Long Beach, from which place the message was sent.

AFTER LOAN AGENT.

City License Inspector Brines Action For License Money.

Complaints have been filed in Judge Bowman's court against the Crescent Loan Co., the Star Loan Co., and the City Loan Co., charging them with violating the ordinance of the city in refusing to pay license for the conduct of salary loan agencies. The complaints were filed by Sam I. Godman, assistant city license collector. Summons was served on Charles E. Stratton, who is president of the Crescent and Star Loan companies, and owner of the City Loan company, and the same is returnable tomorrow morning. The specific language of the complaint charges Stratton with having failed to pay license for the three agencies between Jan. 1 and May 1 of the present year, a total of \$75 for the three establishments. Stratton, it is understood, claims that he has not been doing business at the three agencies since Jan. 1, as he was awaiting the outcome of proposed legislation during the session of the legislature before continuing his business. It is now said that Stratton has consolidated the three agencies into one, and offers to pay the license for one only beginning May 1.

INTERESTED IN SALT LAKE.

The Cantonment Plaster company of Rickford, Okla., through its manager writes to Secretary Perkes of the Salt Lake Real Estate association for advertising literature, and stating that some 50 people in that section are meditating removal to Salt Lake to reside. The manager also says there are a number of parties in his section desirous of engaging in the cement business at this point and he wishes to know conditions.
